The Biennial International Photodynamic Association World Congress aims to bring together researchers and clinicians in all fields

of **Photodynamic Therapy** (PDT) and **Photodiagnosis** (PDD) since 1986. Every two years (with the exception of a 4-year hiatus since the 17th world congress), the IPA organizes a conference to foster scientific development and contribute to clinical practice. The 18th IPA World Congress will be held at the **Tampere Hall** in **Tampere, Finland, July 10-15, 2023**.

We wish to warmly welcome you to Tampere,
Finland!

Tervetuloa Suomeen!

is a lot like submitting an abstract to a congress: it takes a lot of courage, and the chances of getting accepted are about the same as the chances of surviving the icy waters. But if you're successful, the feeling of accomplishment is unbeatable! #IPA2023 #abstract #frozenlake #swimming #humor 📷 Laura Vanzo - @visit-tampereofficial ❤️

In honor of Finland's Independence Day tomorrow, we would like to share a fun fact about Tampere.

Did you know? Tampere was founded in 1779 and the industrial revolution began in the 1820s, where many factories were founded by Scottish James
